

Europe- Population, Rivers and Mountains

Photo: Europe

Sticky Knowledge

Europe is the second smallest continent in size but the third largest in population.

The continent of Europe is located completely in the northern hemisphere and mainly in the eastern hemisphere. Europe borders the Arctic Ocean in the north, the Atlantic Ocean in the west and the Mediterranean Sea in the south.

There are five primary rivers in Europe: the Volga, the Danube, the Rhine, the Elbe and the Loire.

Europe has many mountain ranges. Mount Elbrus in Russia is the highest mountain in Europe. The mountain is part of the Caucasus mountain range.

The highest peak in the European Alps is Mont Blanc. It sits on the border of Italy and France.

Sticky Skills

On a map I can locate the five main rivers in Europe and point out a delta

On a map I can locate many mountains of Europe

Vocabulary	
population	all the people that live in a country or area
enclave	a country entirely surrounded by another country
inhabitants	People who live in a place
