Dear Parents/Carers

Cashless Payment System

We are pleased to inform you that from the end of the summer term we will be changing the cashless online payment system we use for items such as dinner money, school trips and uniform. The new chosen system will be ParentPay.

ParentPay offers you the freedom to make payments whenever and wherever you like, 24 hours a day, 7 days a week - safe in the knowledge that the technology used is of the highest internet security available.

You will have a secure online account, activated using a unique username and password; you will be prompted to change these, and to keep them safe and secure. If you have more than one child at our school, or children at other ParentPay schools, you can create a single account login for all your children.

Making a payment is straightforward and ParentPay holds a payment history for you to view at a later date; no card details are stored in any part of the system.

Next half term we will send out letter containing your activation details to set up your Parent Pay account. Once you receive this we would be grateful that you look to activate the account as soon as possible, that why we have enough time to work with you before the end of term if you have any issues or queries.

Please find attached some general FAQs and information.

ParentPay FAQs

- **When can I log in to my account?**

Once you have received your activation letter from school with your activation login details you will be able to activate your account and start making payments. This letter will be sent to you soon by your school.

- **Which cards can I use?**

ParentPay accepts MasterCard, Visa and American Express credit cards, and Maestro, Switch, Delta, Electron, Solo and Visa debit cards. Some schools may limit the use of credit cards for some transactions; you will be informed by the school directly of any such restrictions.

- **Is it safe to make payments on the internet?**

Yes. ParentPay uses leading technology to process your card transactions securely. All communication with the bank is encrypted and neither ParentPay nor the school have access to your card details.

- **How can I check that it's secure?**

Standard website addresses begin with *http*: the address for a secure site will always begin with *https*. You will also see a padlock at the bottom/top right of the screen on our login page and after you have logged into your account; never enter your card details or personal data on any web page whose address does not start *https*.
